Turning Corporate Taxes into an Innovation Spur

ROBERT D. ATKINSON | AUGUST 2009

The U.S. is at risk of losing its global competitive advantage and with it faster per-capita income growth.

The U.S. is at risk of losing its global competitive advantage and with it faster per-capita income growth. To effectively respond will require the nation to take concerted and strategic actions in a host of areas, including reform of the corporate tax code to transform it into an energetic tool to support private sector efforts to innovate and be more productive.
